THE PRESENTATION AT MØSTINGS HUS IS
ACCOMPANIED BY AN EXHIBITION BY
NORWEGIAN ARTIST OSCAR ERIKSSON
FURUNES TITLED *GLITRA*.

*The works in GLITRA show photographic
fragments from queer communities across time
and place. The exhibition is based on queer-
historical archival photographs and cultural
codes, I explore the tension between the visible
and the invisible, the persistent and the fleeting,
the personal and the collective.*
